

Wyoming Early Learning Guidelines and Foundations Course Instructions

The Wyoming Early Learning Guidelines and Foundations are now available through wystars.thinkific.com.

- Once you get to the site, if you don't already have an account you will need to register for an account (this is separate from your STARS profile).
- After creating a profile, select the course you wish to take, then click "enroll for"
- Once you complete the course, it will be automatically sent to STARS (please allow 7 days for processing). A certificate is not necessary to send in once you have completed the course.
- This site (wystars.thinkific.com) is the same site you can use to complete most of your health and safety requirements.
